Bihar floods 2017
Emergency Relief Appeal

Flood Effectuated areas of Bihar

Respected Brother in Islam
Assalamo Alaikum Warahmatullah

May Allah bestow his glorious upon you and your family!

Indeed you know about the devastating flood in Bihar. Heavy rainfall in Bihar led to the overflow of major rivers like Mahananda, Koshi and Kankai that caused flooding in several districts in Bihar. The floods have washed away thousands of huts, badly damaged buildings, roads, bridges and standing crops worth crores. Kishanganj, Araria, Purnea and Katihar are worst-hit by the floods where thousands have been displaced. About 14.3 million people in Bihar have been affected as per the government reports across eighteen districts. Several towns of Araria, Purnia, Kishanganj and Katihar districts are witnessing unprecedented levels of water. **Rail connection has been disrupted.** some Railway stations are flooded.

For relief and rehabilitation

Many villages have lost road connections. Army and IAF teams have joined the NDRF team to rescue people and help with the crisis. **Lakhs of people are stranded** and have taken shelter on canals, school buildings and places of higher altitude. People were not forewarned and that has made the situation worse. The cause of the floods is heavy rains in the catchment area of several rivers that flow in this region (catchment area is in Nepal) and that causing breach in embankments of rivers and canals.

IMARAT SHARIAH

PHULWARI SHARIF, PATNA

For relief and rehabilitation

It is the worst ever flood since Last decade. There is pain, anguish and cries. The other worst affected districts are Madhepura, Supaul, Saharsa, Darbhanga, Madhubani, Samastipur, Sitamarhi, Muzaffarpur, Sheohar, Gopalganj, Saran, Siwan, West Champaran and East Champaran, forcing people to move to safer places. River Koshi, Mahananda, Barhamputra, Budhi Gandak and Balan and other rivers have been flowing above the danger mark. Losses of human life are more than 500 and thousands of livestock and all crops have swiped off. Almost all roads, major and minor are cut off and over more than 20 bridges washed away hampering the rescue operations. The magnitude of problem is very large. The aftermath of floods will bring the threat of malnutrition, diarrhea, water-borne diseases like cholera and dysentery, and psychological stress. Drinking water and sanitation remain a challenge even if one is living in a relief camp.

Volunteers with Army, Police, Government and locals are doing rescue work and evacuating. Community kitchen has been arranged by the Imarat Shariah local relief committee and other local Volunteers for food and other essentials. Now we need to work for rehabilitation and relief.

For relief and rehabilitation

I Appeal to you and all well wishers of the community the next best thing you can do to help and support to provide financial and material help. The victims have lost everything, their homes and the entire belongings. Alhamdulillah Allah has given abundantly more you needed. You do not have to sacrifice your daily food and clothing in order to donate towards cause. As human being, we should not let this suffering continue without providing help and support according to our individual capabilities. Do not wait for your Zakat to become due to make a donation.

Emerging needs are emerging for provision of humanitarian service, food, health and shelter.

We are active in the worst affected districts in Bihar and are working on-

1. Providing food packets (including Rice, Dal, oil, Salt, Sugar, Biscuits, Chura, Jaggery Match box, Candle, Dry Milk, Gram, Plastic shade etc)
 2. Renovating and installing new elevated hand pumps to supply clean drinking water even in high water levels.
 3. Building toilets.
 4. Providing relief, shelter and hygiene kits for daily survival needs.
- But we cannot do this alone. We need your help. Your support can help change lives.
5. Distributing Blankets before winter.
 6. Doing Qurbani of big and small cattle
